## **The Job Center Story**

Our story began in the corner of a strip mall in Ohio in 2007. After many years of hard work, we have grown to more than 26 centers across 11 states. While our success greatly depends on you; we remain humble & unrestricted in our strategy to expand.

What are you waiting for? Become a part of our story today!

*We had only one associate on payroll in 2007 and have grown to more than 20,000+ in 2023.*
